

Lab Exam – HTML

Exam Name: HTML	Total Time: 60 Minutes
Student Id: Kazi Wasi Muntasir	Total Marks: 10
Section: A	Date: 02/11/2025

Task: Design an HTML web page by following these steps:

1. Use semantic HTML tags (like <header>, <nav>, <main>, <section>, <footer>, etc.).
2. Separate each section using a background color or a solid border.
3. The navigation bar (nav bar) must be sticky (it should stay at the top when scrolling).
 - On the right side of the nav bar, show your student ID.
4. In the footer, also write your student ID at the end.
5. After finishing your code, create a PDF file that includes:
 - Your HTML code snippets
 - The output screenshots of your webpage
6. You have to print the PDF file and submit it to the department. So, you must save a copy of the PDF file for yourself.
7. You will get 60 minutes total:
 - 50 minutes for coding
 - 10 minutes to make the PDF file.
8. The editable doc file is available from the link provided bellow:
https://github.com/asl-rnd/web_programming/blob/main/lab_exam_sample.docx

Code Snippets

Lab Exam – HTML

```
<DOCTYPE html>
```

```
<head>
```

```
  < charset=utf-8 meta>
```

```
  <meta name="viewport" content="width=device-width,initial-scale=1.0">
```

```
<body>
```

```
</head>
```

```
<body>
```

```
<nav>
```

```
  <a href="#">Home</a>
```

```
  <a href="#">Home</a>
```

```
  <a href="#">Content</a>
```

```
  <a href="#">Answer Submission</a>
```

```
  <a href="#">Rights</a>
```

```
</nav>
```

```
>
```

```
</nav>
```

```
<main>
```

```
DOCTYPE html>
```

```
<html lang="en">
```

```
  <section>
```

```
    <h2 style="text-align: center;">Global Warming</h2><hr>
```

Lab Exam – HTML

```
<main>

DOCTYPE html>
<html lang="en">
  <section>
    <h2style="text-align: center;">Global Warming</h2><hr>
    <p><b>Global warming</b>is the gradual increase on the Earth temperature
    due to the excessive rise of greenhouse. These gases trap heat in the
    atmosphere. If we dont take action today, our future generations will s
    greatly.</p>
  </section>
  <div style "background-color:silver;padding:20px;margin-bottom:20px">
    <<tab
```

Output:
